

MINUTES OF A MEETING OF THE BOARD OF DIRECTORS OF
TARRANT COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER ONE
HELD IN THE DISTRICT OFFICE IN FORT WORTH, TEXAS, ON
THE 25TH DAY OF JULY, 1952, AT 2:00 P.M.

The call of the roll disclosed the presence or absence of
Directors, as follows:

PRESENT

Houston Hill
Dan H. Priest
A. T. Seymour, Jr.

ABSENT

Joe B. Hogsett
W. L. Pier

Also present were Sidney L. Samuels, General Counsel, C.L. McNair,
General Manager, and Marvin C. Nichols, of the Firm of Freese and
Nichols, Consulting Engineers of the District.

Also present were the following visitors:

W. O. Jones, City Manager of Fort Worth

Honorable Rhinehart Rouer, City Attorney of Fort Worth

Uel S. Stephens, Director of Water Department,
City of Fort Worth.

In the absence of Mr. Joe B. Hogsett, President of the Board,
Mr. Houston Hill, Vice President, presided over the meeting, and
Director Priest acted in his capacity as Secretary, whereupon
proceedings were had and done, as follows:

1.

The three city officials, Mr. Jones, Mr. Rouer and Mr.
Stephens appeared in connection with the proposed extension of the
West Seventh Street Bridge and the matter of the Nutt Dam in the
Trinity River adjacent to and west of the Paddock Viaduct.

Director Hill, as presiding officer of the Board, then pro-
ceeded to address himself to the visiting city officials

#52

concerning certain features of the proposed flood prevention scheme growing out of the flood waters in May, 1949, which produced immense damage to property in and out of Fort Worth, and which was also responsible for loss of life as well.

Mr. Hill inquired of Mr. Jones, City Manager of Fort Worth, what cooperation the District could expect from the City of Fort Worth in the matter of extending the Seventh Street Bridge westward inasmuch as the plans for the flood prevention project included that form of improvement. Mr. Jones responded that he had not yet discussed the matter with the City Council of Fort Worth, and that he, himself, had not yet quite made up his mind on the subject, whether such extension of the bridge would suffice or whether an additional bridge on West Fifth Street in said city would be the more desirable form of improvement. Mr. Jones added that in the consideration of the subject it might appear to the Council and also to himself, that the construction of an additional bridge on West Fifth Street would be more effective in reducing the volume of traffic on West Seventh Street and across the West Seventh Street Bridge, than for the city to contribute money toward the prolongation of the western extremity of the West Seventh Street Bridge. He asked for further time on the matter before reaching a conclusion, and stated that it was essential in his capacity as City Manager, that he should confer at length with the City Council of the City of Fort Worth and seek its instructions on the subject.

Mr. Hill then proceeded further to discuss the Nutt Dam and just what action the City of Fort Worth proposed to take concerning the removal of such dam, particularly in view of the

#53

attitude of the Federal Army Engineers, who had previously indicated that the dam should be dismantled and removed, and another site for such dam be selected down the river. Mr. Jones replied in general terms as did Mr. Stephens to the effect that this feature of the flood project was one to which the city government had not yet directed its official attention, and that before he could answer in any authoritative way it would be necessary for him, Mr. Jones, to lay the matter before the City Council of Fort Worth and seek its further instructions.

The attention of Mr. Jones and Mr. Stephens was drawn to the ordinance of the City of Fort Worth enacted in the year 1910, in which ordinance Mr. J.R. Nutt contracted to advance the funds to the City of Fort Worth for the construction of the Nutt Dam, in consideration of which the city was to permit Mr. Nutt and his successors, to impound adequate water from the Trinity River for the power plant to be erected by Nutt and his successors on the banks of the river. The question of ownership of the dam was also raised and discussed.

After some further general remarks the three gentlemen, Messrs. Jones, Stephens and Rouer, announced that they would return for further conference with the Board of Directors of the District, after learning with more of definiteness the attitude of the city government on both matters, the West Seventh Street Bridge and the Nutt Dam. Thereupon, the three gentlemen retired from the meeting.

2.

Mr. Marvin C. Nichols of the engineering firm of Freese & Nichols, engineering consultants for the District, presented the

matter to the Board of Directors of the Northeast Twelfth Street Bridge, which is a part of the flood prevention plan, and sought permission from the Board to advertise for bids for the construction of said bridge when the plans therefor had been first approved by the State Board of Water Engineers, and by the Federal Army Engineers. On motion of Director Seymour, seconded by Director Priest, authority was granted to Mr. Nichols to make such advertisement after the plans for the bridge shall have been approved by the State Board of Water Engineers and by the Federal Army Engineers. All the directors voted "aye" thereon.

3.

The monthly report of the Auditors, Pitner and Adams, for the month of May, 1952, was ordered received and filed.

4.

Attached to these minutes as Exhibit "A" is a statement of the financial condition of this District to which reference is made. Exhibit "A" shows that proposed voucher-checks #2810 to #2902, inclusive, for the total sum \$301,703.06 had been issued since the last meeting. There was full consideration of the proposed voucher-checks and the data to support same, whereupon Director Seymour moved, seconded by Director Priest, that the issued voucher-checks above listed be confirmed, and that the accounts payable be approved, as covered by the proposed voucher-checks and that such checks be issued and delivered to the respective persons entitled to receive them. It was ordered, subject to the usual audit.

5.

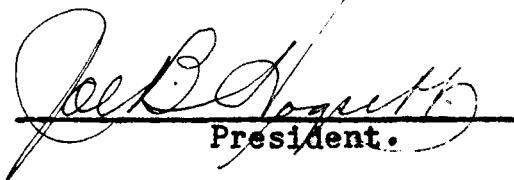

Mr. McNair presented requests from lessees of certain lands of the District, as follows:

- (a) Request of John D. Granger for the transfer and assignment of all his interest in a certain land lease on Lot #27, and the north 1/2 of lot #26, of subdivision of the L. H. Hill Tract No. 311, to Mr. Edward Albert Brinkman.
- (b) Request of Mr. O. L. White for the transfer and assignment of all his interest in a certain land lease on Lot #1 of subdivision out of L. H. Hill Tract No. 311, to Mr. J. S. Bryant.
- (c) Request of Jess M. Davis, for the transfer and assignment of all his interest in a certain land lease on Lot #5, subdivision of the A.B. Harmon Tract No. 269, to S. W. Leggett.

Upon recommendation of Mr. McNair, Director Priest moved, seconded by Director Seymour, that the transfer and assignment of each of the land leases be approved, subject to Mr. Brinkman, Mr. Bryant and Mr. Leggett, respectively, giving the District his written acceptance of the lease. It was so ordered.

6.

There being no further business before the Board, the meeting thereupon adjourned.

President.

Secretary.

Exhibit "A" to minutes of July 25, 1952.
at 2:00 P.M.
