The TARRANT REGIONAL WATER DISTRICT hereby permits the construction and maintenance of the above referenced improvements on land and in water owned and controlled by the District adjacent to the referenced property in accordance with the plans submitted to and approved by the District This construction must be accomplished in strict compliance with the approved plans and specifications and be completed prior to the expiration date of this permit. The owner shall notify the District on the day the construction begins and arrange for a general compliance inspection upon completion.

The granting of this permit is based on the owner's representation that he owns and/or controls the above referenced property and that this construction will not be in violation of the regulations or restrictions imposed by the Federal, State, County, or Municipal agency or by any deed restrictions which may be attached to the property or that any required variance has been secured. The District assumes no responsibility for, and the Owner will hold the District harmless from disputes of title, rights, or liability for damages to persons or property arising from the construction or maintenance of such improvements. The District reserves the right to revoke this permit at any time if the condition or presence of this improvement interferes with the operation of the reservoir upon which it has been issued or the safety of persons or property using the surface thereof. In such event, or event of any violation of this permit, or any District Ordinance, the Owner agrees to immediately make any and all changes or correction necessary to make the improvement complaint or remove the improvement from District property at the Owner's sole expense.

By Signature below the owner and all contractors agree to obey all District ordinances, the term of this permit and any written directions respecting this improvement. Failure to do so will result in the District filing a complaint in Justice of The Peace Court.
