

## INVITATION TO BID

### 22-163 BRIDGEPORT SPILLWAY NEW FENCING

Tarrant Regional Water is requesting to have a new fence built at the Bridgeport Spillway. The vendor will provide and construct approximately 380 linear feet of 8' tall security fencing with 2' of barbed and razor wire, for a total of 10' tall. On the interior of the fencing will be a vehicular restraint cable installed on two sides. The support post for the vehicular restraint cable will be integrated into the mow strip and will have 45-degree angles back to the mow strip. A rolling gate on a V track will need to install to secure the 20' opening. The gate will need to be sufficient to have a Viking H-10 Gate operator for the automation of the gate. A concrete approach of approximately 32' long and 20' wide will need to be installed per the specs listed.

Bids for the above referenced project will be accepted by the Tarrant Regional Water District, Purchasing Department electronically via the CivCast Procurement Website until 2:00 P.M. CST, October 04, 2022.

Submittals must be in the actual possession of Tarrant Regional Water District prior to the exact time and date indicated in this Request. Any submittal received after the foresaid time, will be not be accepted.
