

EARTH

DAY

CAN A PHOTO CHANGE THE WORLD?

Our lives and our future depend on water. Drought, population growth, and pollution present real water challenges. We're looking for photos that teach and inspire our community to appreciate, conserve, and protect water so there will always be enough clean water for everyone. How will you picture this change?

WHAT TO ENTER

Enter a photo in either or both of these 2 categories:

1. Photos that teach or inspire others to conserve or protect water in Texas
2. Photos that help people realize why water is important, both now and in the future

HOW TO ENTER

For complete rules and details on how to register and how to submit your photos, visit trwd.com/photocontest.

Entries will be accepted starting March 1–April 15.

The winning photographs will be announced on Earth Day, April 22.
